

WARDROBE WORLD

for perfect storage solutions

 **CLASSIC**

 **SUPERSLIDE™**

 **SHELF TRACK**

durable, quality, custom-designed wardrobe
& storage systems for your home

Classic Shelf & Rod

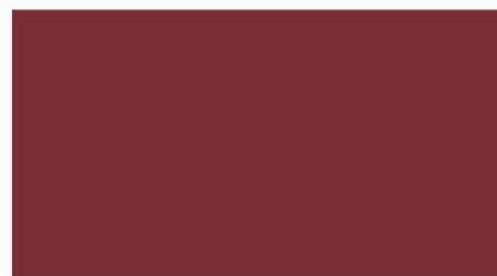

■ CLASSIC

The Classic Shelf and Rod is the all purpose solution to storage needs, where both storage and hanging space is required.

Features:

- Double hanging height
- Multiple storage shelves
- Ventilated shelving
- Sturdy aluminium support poles.

Superslide

The sturdy continuous rod allows the hanger to slide without interruption. Functional to use and the look is simply stunning.

Features:

- Double hanging height
- Continuous easy glide hanging
- Multiple storage shelves
- Ventilated shelving.

Shelftrack

■ SHELF TRACK

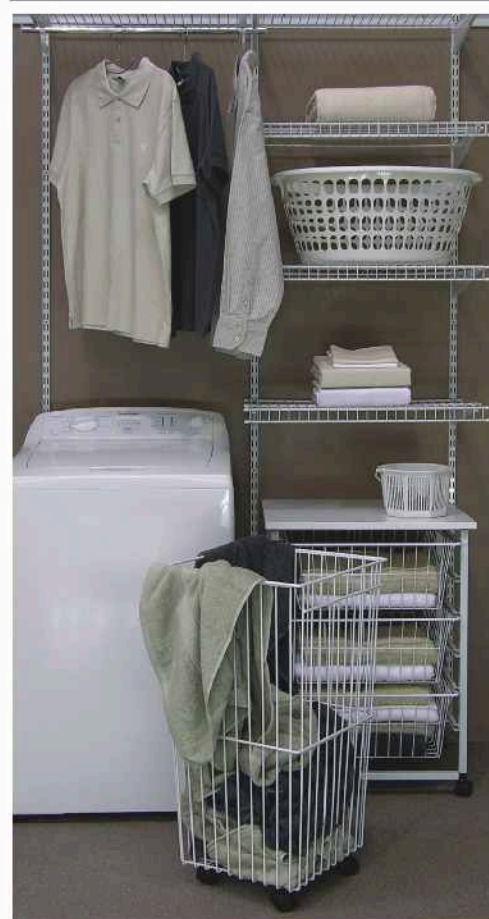

Shelftrack - Adjustable Shelving

This alternative to the fixed shelf application allows for changing, adding, or rearranging shelves as storage needs change.

Linen, Laundry, & Pantry

*Available in both Classic
and Shelftrack.*

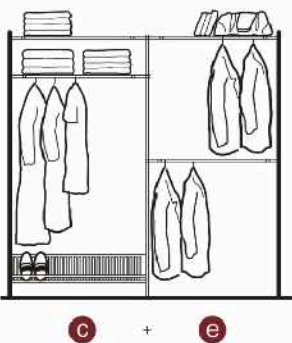

Design Solutions

Help us create the perfect wardrobe system to meet your needs.

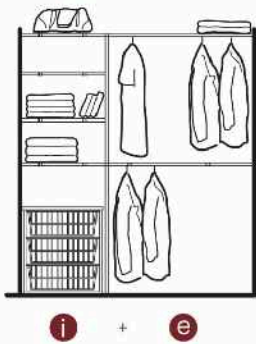

With assistance from your Wardrobe World design consultant, determine the amount of space (horizontal measurement) you will need to fit your long hanging clothes (dresses, coats, slacks and trousers hung from cuffs) and shoes. Then choose the module below that best suits your needs (a, b, c or d).

Design R14

Next determine how much shelving space and/or baskets you will need for folded clothing (under-garments, socks and general storage), and then choose the module below that best suits your needs (f, g, h, i, j, k, l). The balance of your wardrobe will then be allotted for short hanging items (shirts, blouses, slacks and trousers hung over the hanger) as in modules e, f, k and l. Refer to back page for shelving types and accessories to complete your wardrobe design.
