

Corinthian Lifestyle Patio door system

bringing the outside in

Our aim is to provide solutions that improve your lifestyle. It is a wonderful option to be able to separate your living area from the world outside. Your Lifestyle Patio doors can be partially or fully opened to allow the light and space to flood in. The new Lifestyle Patio door system by Corinthian is the ultimate in exterior folding door systems that eclipses all. It is acknowledged that the majority of Australian homes are built near the coast, so maximum strength and high corrosion resistance has been essential when selecting the materials used for manufacture.

The manufacturer certifies that this product was designed to conform with AS 2047. The design performance has been verified by a NATA accredited test laboratory.

DESIGN PERFORMANCE

1000 Pa, N3 Structural

Water Resistance
200 Pa

BENEFITS

- Performance tested to the most demanding configuration - 3+1 bi-folding doors.
- Using the highest standard materials and Enviro-seal™ technology, this product will ensure years of trouble-free operation and weather protection.
- Sills are manufactured from hardwood to give the richness and durability of timber with the added benefit of a concealed channel.
- Frame and doors are manufactured from select premium timber for staining or painting.
- Doors are double sealed to ensure maximum weather protection.
- Doors are site glazed with clear glass to conform to AS 1288 (2006).
- Hardware supplied is high quality stainless steel and is available in three finishes: polished stainless, satin stainless and titanium gold.
- Lockable bottom flush bolts to ensure extra security.
- Frame head incorporates a timber lintel to maximise straightness and efficiency of the tracking system.
- An installation brochure is supplied with the product to ensure correct operation of your Lifestyle Patio door system.
