“We love our garden building”

Customer Satisfaction

Summit

“Hi, I just want to write and tell you how much we love our new Summit shed. It is perfect addition to our home. We constructed a nice brick base to set it up on. Thanks for making a fantastic looking shed. So far we are the envy of the neighborhood!”

Orion

“Hello, We recently purchased a Orion shed and are very pleased with the product. It is the perfect size for my husband to store his ride-on mower and we still have space left over for other stuff. The loft really adds extra space. My husband even added a second loft using wood from a left over project.”

Fortis 8x11

“Just wanted to drop you a note and tell you how satisfied I am with my Fortis 8x11 shed. The engineering that went into this is simply amazing - I can't believe how easily it went together and how nice the result is. Never once did we get to those inevitable "it just doesn't work" points as I've experienced so many times in my past.”

Thanks for a great product!

Apex 8x6

“I have just purchased one of your Apex 8x6 sheds. I would like to congratulate you on the erection instructions ,I am 80 yrs of age and my wife is 74 yrs we followed the picture instructions and was able to complete within a few hours, congratulations.”

Gemini 6x6

“Our family loves to ride bikes together in the spring and summer. We needed a place to store our bikes and keep them dry. The 6x6 shed we purchased is perfect! All 4 bikes fit perfectly inside and it keeps them dry.”
