OUR PATIOS OR CARPORTS WILL ADD THE PERFECT FINISH TO YOUR HOME

D & C Patios have been building COLOURED steel patios and carport's for many years, with **40 years experience in the building industry**. All work is supervised by BSA Licensed (1006315) builder/owner operator. We are well established with many customers very happy with our high calibre of workmanship. High percentage of these customers return to D & C Patios, if a further patio or carport is required, due to varying reasons e.g. purchase another home or investment property.

Available in a great range of designer colours.
The patio systems we utilise, significantly reduce heat over the summer months

Features:

- Low maintenance
- Large range of designer colours
- All our roofs reduce noise from rain and storms
- All products are covered in a protective plastic film, which reduces the chances of damage

D & C PATIOS IS THE AFFORDABLE SOLUTION FOR ALL YOUR OUTDOOR EXTENSIONS NEEDS

Included in all D & C Patios quotes :

Design consultation, ALL Design aspects that best work for our customers to add charm, style and value to your home for many years. All patios, carports & decks are Custom built to customers requirements.

We arrange council procedures (a timeframe of approx. 2 weeks min).

D & C Patios will cover you, bringing the outside in – take advantage of the brilliant all year round Queensland weather. All roofs are designed & engineered for Australian all weather conditions (harsh, beautiful, unpredictable)

Our Ultimate outdoor patios, transform your home and open up new living space.

Choices available to the highest of standards: Insulated (semi-gloss) & single skin (high gloss flat profile)
Our products are very affordable , due to the minimum overheads. Glenn the General Manager, does all the design & quoting. Glenn is also on site for the majority of work to be completed.

The workmanship is of the highest quality.

We offer service, quality and affordability to match your budget:

- Skillion
- Flyovers
- Steel frame decks
- Gable
- Free standing
- Enclosures

Product:

Our modern flat single skin profile roof adds charm & system with a 80% gloss mirror finish & heat reflective qualities – reflects light magnificently. Low maintenance, and reduces house temperatures. Your fabulous new patio outdoor living area is only limited by your imagination. It is durable, functional, and most of all affordable, and comes with a fantastic 15 year warranty.

Our **1M WIDE** Insulated clear span roofing system – comes in various thicknesses for different spans to meet your requirements giving the brilliant ability to span great distances resulting in a clean open sleek white ceiling finish. This incredible unique feature enhances the insulation qualities & durable strength.

Our awesome insulated roofs have an internal cavity for electrical cable for light fittings & fan.
