CAPABILITY STATEMENT

Platinum Electricians Bathurst

Vision Statement: Our Vision is to be the world's greatest customer focused electricians.

Mission Statement: Our Mission is to deliver a WOW experience to customers that creates smiles and is unforgettable.

Platinum Electricians Bathurst have been operating for over 2 years. Having joined the national Platinum Electricians network to help lead the way in customer service and providing an unforgettable experience. Currently with a fleet of 3 vehicles running out of Bathurst and Orange. We have the flexibility to provide local businesses with electrical Construction, maintenance support and the capability to manage multiple sites and large-scale projects across the entire Central west of NSW. We have vast knowledge in all electrical systems including, lighting, power, data, TV/media centres, home automation including KNX. We also have capability to provide Air Con/mechanical, solar and security systems.

Completed Construction Projects

- Completed 100 Bed Nursing home. Lighting, Power, Switchboards, and Data – St Catherines Aged Care Facility (Catholic Healthcare)
- 30 Bed Refurb, Lights, Power and Data – St Albert Thomas Nursing home (Catholic Health Care)
- Independent Living Units – Southern Cross Aged Care (Southern Cross Care)
- Warrumbungles Information Centre (Hines Construction)

We also provide a **24/7** after hour's service to ensure any issues are dealt with immediately. We have technicians specifically on call for these times.

Preferred Electricians for Home building and commercial Construction:

- Jeremy Booth Constructions
- Botham Homes
- Hines Constructions
- Grindley Interiors
- Adco Constructions

Preferred electricians for planned and reactive maintenance:

- Catholic Health care Bathurst
- Bathurst Catholic Diocese
- Woolworths Ltd (Reactive maintenance Central West NSW)
- Aj Grant Insurance
- Governor Macquarie Motor Inn
- Joss services

We offer a range of services to all our clients to improve their performance and compliance including general lighting maintenance, upgrades and repairs to power points, circuits and switchboards and all their phone and data needs. We also offer testing & tagging, RCD testing, thermal imaging of switchboards and exit and emergency light testing and repairs, mechanical/air con cleaning, and solar.

We have implemented and identified to our clients the benefits of installing Solar, LED lighting and home automation to keep electricity costs down, energy efficiency and safety high priorities.

Software & Systems

Platinum Electricians utilises simPRO software, which not only allows the company to manage and process every aspect of the business, but allows flexibility to integrate any future project and allows a base level of integration and useability for the end user. We also provide the **'Platinum Live'** system from our website. This portal allows you to start booking jobs online. You can also view the progress of your jobs, quotes and general information. This provides a seamless way to check all job bookings all over your network. This service also allows you to accept pending quotes and pay invoices online.

The use of our Job management system allows us to forward plan our work to ensure KPI's are met. By knowing when our various client's preventative maintenance items are due we assign our technicians in our schedule and also assign another technician to carry out the reactive work to cause minimal disruption.

Quality, Safety and Environmental Management

The Platinum Protect standard of endorsement guarantees our commitment to consistent delivery of Quality, Safety and Environmentally friendly solutions. Platinum Electricians is audited internally to ensure it complies with the strict, intensive requirements of ISO 9001 Quality Management, AS 4801 Occupational Health & Safety and ISO 14001

Environmental Management systems.

Blessed to be a blessing.

We feel a strong mandate that our business is purposed to make a difference. Platinum is not about creating excessive wealth for ourselves, we believe in doing what we can to help others. This is why we exist and why we're in business.

Platinum Foundation is our non for-profit organisation that allows us to deliver on our WHY. Through child sponsorship and projects, we are having great impact.
